## **DETAILED ACTION**

## Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 1-5 and 9-13 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Independent claims 1, 4 and 11, include in the preamble the transitional phrase "having", such that the scope of the claims is indeterminate. For purposes of this response, a closed-ended transitional phrase is assumed to be included for "having" in the wording of the Applicant's claims.

Claim 9 is unclear because in line 5 it appears "a stylet" should be --the stylet--.

The scope of claim 10 is indefinite because the limitation in the claim refers to an apparatus rather than the method of placing the lead.

Appropriate correction is required.
